Current Mongosh Log ID: 649ba4e2f8721e44057fb5cd
Connecting to:   mongodb+srv://<credentials>@cluster0.mhpiaao.mongodb.net/?appName=mongosh+1.10.1
Using MongoDB:   6.0.6
Using Mongosh:   1.10.1

For mongosh info see: https://docs.mongodb.com/mongodb-shell/

Atlas atlas-p8je6y-shard-0 [primary] test> |
```

The screenshot displays the MongoDB Atlas web interface. The top navigation bar includes the Atlas logo, a dropdown menu for 'Universidad...', and links for 'Access Manager', 'Billing', 'All Clusters', 'Get Help', and a user profile 'Joan'. The main interface is divided into a left sidebar and a central content area. The sidebar has sections for 'DEPLOYMENT', 'Database' (with links to Data Lake, Triggers, Data API, Data Federation, Search, and Stream Processing), 'SERVICES', and 'SECURITY' (with links to Backup, Database Access, Network Access, and Advanced). The central content area is titled 'FarmAnimals' and shows a 'Find' tab selected. It displays a query filter bar with the text 'Type a query: { field: 'value' }' and buttons for 'Reset', 'Apply', and 'More Options'. Below the filter bar, it shows 'QUERY RESULTS: 1-10 OF 10' and a list of two documents. The first document has an '_id' of '649b9fd5acf6118b83bdbecc', 'Id: 1', 'breed: "Broiler"', 'bornOn: "24-04-2023"', 'weight: 3.3', 'isMolting: false', and 'laidEggs: 3'. The second document has an '_id' of '649ba018acf6118b83bdbece', 'Id: 2', 'breed: "Polish"', and 'bornOn: "20-02-2022"'. There are also buttons for 'Visualize Your Data' and 'Refresh' at the top right of the content area.
