

Actions Comans

Name: Josue Marin

Actions and Commands

- User have learned basic GUI conventions
- Follow those conventions if appropriate.
- label them well
- Visible →
 - Buttons
 - Menu Bars
 - Pop-up menus
 - Drop-down
 - Toolbars
 - Links
 - Action Panels
- Invisible.
 - Single clicking
 - Double clicking
 - Drag-and-drop
 - Typed commands

Be Creative, but

- If user have internalized so many action/command.
- Where are the boundaries?
