

Set up connection security

Choose a connection method

Connect

I don't have the MongoDB Shell installed

I have the MongoDB Shell installed

1. Select your mongo shell version

To check your Mongo shell version, run:
mongosh --version OR mongo --version

mongosh (1.9 or later)

2. Run your connection string in your command line

Use this connection string in your application

mongosh "mongodb+srv://edverdesoto.nrtppkc.mongodb.net/" --apiVersion 1 --username EdVerdesoto

You will be prompted for the password for the Database User, **EdVerdesoto**. When entering your password, make sure all special characters are [URL encoded](#).
