

## Ecuadorian Software Companies :

- 1) Sigma Studios - Web development (Medellin)
- 2) N K - Development Ecuador - LATAM
- 3) Design Republik - Design & web development in Quito.
- 4) Webcorp - Web Development & Digital Marketing
- 5) Publitek - Web Development & Digital Marketing
- 6) Monkey plus BC - Design & Web development in Quito
- 7) MI HTTP .com - web development & Digital Marketing
- 8) Webedit - Design and Web Development
- 9) Código Vision - Web Development & Digital marketing
- 10) SolucionesTecnológicas - Web Dev & Dig Mark

## Software Engineering Learning Results:

- ① Knowledge and Comprehension → (Exact sciences, Social, Economic)
- ② Engineering Analysis → (Products Processes, Systems)  
(Problems: Identify, Solve, Formulate)
- ③ Engineering Projects → (Project: Design, Develop complex products)
- ④ Investigation and Innovation → (Bibliography, clean code, safety measures)
- ⑤ Practical Application of Engineering → (Techniques, Analysis)
- ⑥ Elaboration of judgments → (Read and Interpretate Data)  
(Manage complex Activities)
- ⑦ Communication & Team Work → (Communicate information, ideas, problems, solutions)
- ⑧ Continuous Training → (Nationally & Internationally)  
↳ (Recognize when training is needed)
